Dear CCAMU,

I would like to thank you for all the excellent work you have done highlighting the problems with uranium exploration and mining in North Frontenac Township.

I strongly support you request that the Ontario government enact an immediate moratorium on uranium exploration and mining in Eastern Ontario and initiate a public review of Ontario's Mining Act. I believe that the moratorium needs to be in place until there is settlement of the land claims and greater protection for property owners under the Mining Act.

Best of luck with your activities. I look forward to working with you in the future on this matter of importance to our community.

Yours sincerely,
